

MEOW CAT NAME TAG

Please enjoy embellishing this cat name tag, designed for your sewing machine or sewing luggage.

You will need the following supplies:

Two pieces of fabric 6" x 6"
2 pieces of iron on fusible 6" X 6"
1 piece Peltex 72 6" X 6"
Permanent marker
Damp Cloth
Iron

Draw your cat outline on one piece of fabric, embellish any way that you want. pre-treat the back of your cat with one piece of your iron on fusible and place the other piece of fusible web on your second piece of fabric.

Iron the cat embellished fabric on one side of the Peltex 72 and your second piece of fabric on the other side. When doing this place a damp cloth between the project and the iron, use a medium iron (wool setting) for 10 seconds, or just use the steam setting. Now cut out your shape, finish the edges. Use a permanent marker to put your name on the Tag or you can embroider it on prior to fusing it to the Peltex.

Place it on your sewing machine so **MEOU** Members will remember your name, save it for a new member that joins your group, put it on your sewing luggage or even your regular luggage. **Ladies Get Creative!**

There are two sizes provided, but you can change the size to meet your requirements.
